Election Update

Dear Neighbors,

Due to COVID-19, Doral Woods has twice postponed the 2020 general meeting and election of the Board of Directors hoping that we would be able to conduct this important function safely some time this year. Unfortunately, with the continuing pandemic environment and our lack of technical capability to conduct the election online, the board had to look for an alternative. The current board members, who have tirelessly and voluntarily dedicated their time and expertise to serve this community, agreed to serve out this term until the next scheduled annual meeting and election in April 2021.

In the meantime, please consider to help us in our goal of maintaining our property value and healthy lifestyle. Become a committee member and learn more about Doral Woods! There are several committees that may be of interest to you. If so, the board would be happy to welcome your help and may approve the appointment at the October BOD meeting. If you are interested in participating as a Committee Member, please complete the form in this
